Step 2 - Wait to Enter the Room

The meeting host will let you into the room.

Step 3 - Turn on Audio

TAP "Call using Internet Audio" to hear people talking.

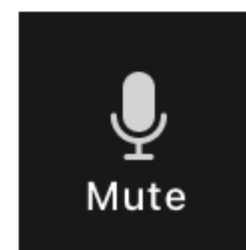

Step 4 - Turn off Microphone and Video

By default, the screen does not show controls.

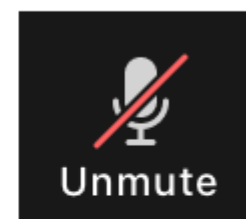

TAP the screen to show them.

At the top right, you should see a microphone icon.

TAP the microphone icon to mute yourself.

The icon should have a red line through it.

There is a camera icon next to the microphone.

TAP the camera to turn off your video.

The icon should have a red line through it.
